

Easy Twist Silver Plate & PinkEarrings

These are even easier Earrings. The only tools you need are 1 pair of long nose pliers to open and close the loop in the ear wire.

They almost make themselves.

We used our Tigrato Series of Venetian Beads, but you could use any 12 or 14mm bead you choose

Tools:
Long Nose Plier

Skill: NONE

Supplies: Glue We like to use a little dab of glue to be sure the beads stay on the twist form.
