

## Acciaio Baubles & Natural Brass Necklace

Skill Level Beginner/ Intermediate

The only skill you will need is wire wrapping. We recommend over loops because there is no open end to catch on clothing.

You can lengthen or shorten the necklace easily with the length of chain you use.

We recommend using memory wire cutter as this chain is heavy and could damage your side cutters. We keep our side cutters for our finer gauge wire.

**Tools:**

- Long Nose Pliers
- Wire Wrapping Pliers
- Side Cutter
- Memory Wire Cutters

**Components**

Part SKU	Quantity	Item Name
F-BM-JRO32-8AB	4	8mm Open Jump Ring, 20ga, Antique Brass
F-GF-HP1524	8	1 1/2 Inch Gold Filled Headpin, 24ga
F-GF-HP322	3	14/20 Gold Filled Headpin, 22ga, 3 Inch
F-PF-CHCRB15TW-NBR	2	Premium Twisted Wire Curb Chain, 15mm, Natural Brass
F-PW-SHOOK-AG	1	Gold Plated Pewter S Hook Clasp, Antique Finish, 20mm
F-PW-SPC-HSH04-AG	11	4mm Gold Plated Pewter Heishi Spacer Bead
RN-12-S10L	2	Light Steel Silver Foil Round 12mm, Murano Glass Bead
RN-12-WG10	2	Steel White Goldfoil Round 12mm Venetian Bead
RN-20-G10	2	Acciaio Gold Venetian Beads Gold 20mm Round
RN-20-S10L	2	Light Steel Silver Foil Round 20mm, Murano Glass Bead
TR-13-G10	4	Olivine Gold Foil Triangle 13mm Venetian Bead

**Instructions:**

1. Cut the chain, and find the center link. See the picture below:

2. Assemble on a 3 inch headpin, 1 spacer, the 20mm Silver Round bead, and wire wrap to the center link.
3. Each bead will be assembled with a headpin, spacer and wire wrapped, skipping one link for each bead. Follow the picture above (Note it is not completely symmetrical. If this bothers you, you can change the beads.)
4. To complete the necklace, we used two (2) 8mm jumprings on each side to get it more strength and interest. Connect the end link on each side with the jumprings to the closed rings which come with this particular S Hook.
