Instructions:

Step 1. Cut a piece of beading wire 24-27 inches.

Step 2.

Begin with the 6mm, (there are 7 of them) Add the first one and thereafter add a spacer between each bead

Add the 5 8mm (with spacers between each bead)

Add the a Disc, followed by a 10mm (spacers between each bead)

Add a square followed by a 10mm round

Continue with this until you have added 3 squares and 4 discs.

Step 3. Add one Crimp and string the beading wire through the Wire protector, adding the closed jump ring. Take the wire back through the crimp. Push the crimp snugly up to the wire protector and crimp flat.

Step 4. On the other end, Add one Crimp and string the beading wire through the Wire protector, adding the clasp. Take the wire back through the crimp. Push the crimp snugly up to the wire protector and crimp flat.

Step 4. Add the crimp cover over the crimps on each side and gently close for a finished look.

Note: Ways To Lengthen:

Add additional 8mm or 6mm beads

Instead of the closed jump ring, add a length of chain for an extension

Use 12mm beads between the Basilica beads.
