

Black and Gold Serpentine

This is an design for VenetianBeadShop by Seattle's Amy Margaret Kapphan, designed with a young look combining our classic Venetian Glass Beads with rubber.

SKILL LEVEL: Beginner

The rubber mixed with our Venetian Glass Beads gives a very current look to our classic beads.

Using the memory wire, you can make this bracelet in just a few minutes.

Tools:
Side Cutter, Wire Wrapping Pliers

If you already have these at home, use them. We do find that using good tools helps your results and we recommend the Wubber Tools as they are comfortable and strong.

Components

Part SKU	Quantity	Item Name
RN-06-G1	67	Clear 6mm Gold Foil Round
BA-347B-050	1	Beadalon Silver Plated Memory Wire, Round, Large Bracelet, .5 oz
WS-RUB4MM-BLK	1	Black 4mm Rubber Cord, Per Foot

LOW COST Alternative:

Replace RN-06-G1 with AC-PK10-RN-06-G1. You will need 7 packs of 10

Instructions:

Step 1. Cut your rubber into ¼ inch sections and set aside. You begin and end with the rubber so you will need 69 pieces. And Cut off 4 rounds of the Beadalon Memory Wire. (If you want more rounds, you will need to add beads and rubber.)

Step 2. Begin by making a loop in one end of your memory wire. As an added feature you can make a wirewrap drop of the same bead to finish off this

Step 3 Begin alternating inserting onto your memory wire the leather and the beads

Step 4. End the bracelet with another coiled ring to prevent the beads from falling off. .

Prefer Silver?: Use 6mm White Gold Foil or Silver Beads.
