Side Cutter, Round Nose Pliers & Flat Nose Pliers

Venetian Bead Shop

Components

Part SKU	Quantity	Item Name
5328-5MM-16	3	Swarovski 5328 Xillion 5mm Faceted Bicone, Jet
BA-180A-022	1	Beadalon German Style Wire, Round, Gold, 22 Gauge, 10m
BORO-BL-L-OR-16	1	Blown Transparent Black Large Curve Teardrop Boro Glass, Earring Piece
BORO-BL-R-OR-G1	1	Blown Transparent Gold Flakes Curve Teardrop Boro Glass, Earring Piece
F-GF-ORVFLT	2	14/20 Gold Filled V Shaped Flattened Earwire

Instructions:

Step 1. Cut a 7 inch length of the BA-180A-022 wire, or wire you have on hand. Assemble the earring beginning at the middle. Insert first the 4mm Black Swarovski and then thread the wire through both the Gold and the Black. When you have both at the top, add the 4mm Black Swarovski.

Step 2. With your round nose pliers make a wire wrapped loop. There will be two lengths of wire, just wire wrap as usual, it just adds to design.

Step 3. Open the loop in the ear wire, insert the assembled earring and close securely.

Step 4. Do the same for the other earring.

Take a look at these steps.

Venetian Bead Shop

Black and Gold Boro Tube Earrings

Begin with the wire through both.

Add the Swarovski and make twist

Using your wire wrapping pliers, wire wrap both the ends of the wire into a loop.
