Denim Blue Heart Link Bracelet

Make this bracelet to go with your jeans or dress.

As shown it calls only for making simple loops. If you wish, you can wirewrap for an even more professional look.

Using our new Wubbers, its easy to get the same size wrap each time and with the wirewrapping, you don't have an open loop to catch on clothing or to have one piece slip out.

The design is by Swarovski.

Materials

Part Number	Name	Quantity
5000-8MM-DBL	Faced Round 8mm Denim Blue	10
5328-4MM-DI	Faceted Bicone, 4mm Dark Indigo	10
6228-18MM-DBL	Heart Pendant 18mm, Denim Blue	1
F-PW-CLSP-LOCKEY-AS	Lock & Key Clasp Antiqued Fine Silver Plated Pewter	1
F-SS-JRO32-8	8MM Open 20ga Jump Ring Sterling Silver	2
F-SS-WIRE-20GA05T-DS	Dead Soft 20ga Sterling Silver Wire ½ Troy Ounce	1

Instructions:

Step 1: Cut the 20ga wire into 5 one inch pieces and 5 one and one half inch pieces.

Step 2: Take a one inch piece of wire, bend at a right angle 10mm from the end of the wire. Turn a simple loop. Add (1) Swarovski 5000 8mm Denim Blue, make a right angle over the Swarovski Bead and turn a simple loop. Make a total of 5 of this link.

Step 3: Take the one and one half inch piece of wire and bend wire at a right angle 10mm from the end of wire. Turn a simple loop. Add on (1) Swarovski Bead 5328 4mm Dark Indigo and (1) Swarovski Bead 5000 8mm Denim Blue followed by (1) 5328 4mm Dark Indigo Make a bend at a right angle over the Swarovski Bead and turn a simple loop. Make a total of 5 of this larger link.

Step 4: Open one side of your longer link and attach to the key end of your toggle clasp.

Step 5: Alternate using the longer link with 3 beads and the link with only 1 bead until you have linked all 10 pieces.

Swarovski Denim Blue Heart Bracelet

Step 6: Open the loop on the final link and attach to the lock end of your clasp.

Step 7: Take the 2 open jump rings and insert one into the lock end of the clasp, close. Take the 2nd of the jump rings and put through the hole in the Heart Pendant and then attach to the jumpring you just put on the clasp. Close securely.

Tools: Side Cutters, Round Looping Pliers

Level: Easy!

Alternative Design:

If you want to skip all the wire looping, substitute Beading Wire.

You will need Beading Wire: Use BA-JW12SP-10FT or equivalent

Caution: You will need to add additional Swarovski beads to compensate for the space which the loops required. We estimate one 3 or 4mm crystal to replace each loop, for a total of 40 additional 5328 4mm beads. You could use 5328-4MM-CAB (Crystal AB).

You'll need

2 Wire Protectors

2 2mm Crimp Beads and a Crimper. F-SS-CRIMPTW-019
