TOSCA-RN-08-G3	2	Peridot Gold Splash Tosca Round 8mm, Murano Glass Bead
TOSCA-RN-10-G3	2	Peridot Gold Splashes Tosca Round 10mm, Murano Glass Bead

Instructions:

Step 1. Begin by cutting your wire. Lay out the beads on a bead tray or soft fabric, that way you can begin stringing from either end.

Step 2. Use a Scalloped Beadcap on either side of the Zanfirico Disc, otherwise separate each bead with the Twisted Spacers.

Step 3. Each bead is separated by our faceted rondels, which help cut cost and match the Zanfirico beads. So on each side of the Zanfirico Disc, place the Tosca 16mm discs, followed by a 10mm Tosca Round and an 8mm Tosca Round, with the faced rondels between these as well.

Step 4. To complete the bracelet string the crimp bead onto the wire, then the wire through the wire protector. At this point, add either the clasp or the closed jump ring (obviously on different ends). Then the wire back through the crimp.

Step 5. If you have strung this on the spool, then cut the wire about 3-5 Inches longer than the bracelet. Gently tighten the bracelet before crimping the crimp tube and finally cut the extra wire.

Step 6. Use the Crimp Cover over the crimp bead. It just looks more finished.
