Instructions:

These earrings are a perfect complement of the use of Swarovski Crystals with authentic Murano Glass.

1. Cut the chain for the earrings, we used 4 links of chain on each earring.
2. Wire wrap the Swarovski Briolettes in a random pattern onto the wire. (just for symmetry, but sure you do the same on each piece.
3. Wire Wap the heart onto the bottom link of the chain
4. Open loop on the earwire and insert the top link of the chain.

NOTE: You may use chain on hand, and headpins you have as substitutes.
