F-PW-BDCP-4SCAL-AG	16	Antique Gold 4mm Scalloped Pewter Beadcap - Per Piece
F-PW-CLTG-BAR-BG	1	12mm 22kt Gold Plate Pewter Bar and Ring Toggle Bright Gold
RONDELLE-SC-05-G1	8	Rondelle Crystal 5mm Gold Plate

**Instructions:**

**Step 1.** Begin by cutting your wire. I prefer to use it off the end of my spool to save those couple of inches.

Step 2. If you cut the wire you can begin in the center and string from each side. Since I string directly onto the spool of wire, I begin at one end and string. (I have already laid it out on my beading board for sizing.)

Step 3. Use a bead cap (F-PW-BDCP-4SCAL-AG) on each side of the Swarovski 6mm Pink Crystal. On each side of the Swarovski Pearl, use the RONDELLE-SC-05-G1.

Step 4. Follow the repetitive design with the Oval Bead.

Step 5. To complete the bracelet string the crimp bead onto the wire, then the wire through the wire protector. At this point, add the clasp Then the wire back through the crimp. Carefully pull the wire taut.

Step 6. On the other end, string the crimp bead onto the wire, then the wire through the wire protector and insert this through a link of the chain.

Step 7. If you have strung this on the spool, then cut the wire about 3-5 Inches longer than the bracelet. Gently tighten the bracelet before crimping the crimp tube and finally cut the extra wire.

### Hints:

If you need to make it longer, use a larger Clasp. Or add another Swarovski Crystal on each end, remembering to add the bead caps.
