F-PF-CHCABFL23-NBR	1	Premium Flat Oval Cable Chain, 2mm x 3mm Natural Brass

Instructions:

Step 1. Cut a piece of wire 25 inches. The necklace can be started from either end. Use clips to hold the loose end and prevent beads from falling off the necklace. It is almost symmetrical, but note the slight differences.

Pink Pastel Cross W/Matching Beads & 2 Inch Extender

Step 2. Follow the instructions for sliding the wire through the crimp tube and the wire protector and back through the crimp tube.

There are 10 seed beads between the beads. Note: Jax used a few multi colors of seed bead. The green ones listed in the components list can be used alone.
