

Red Blown Ca'd'oro Earrings

Design by Venetian Bead Shop,

These earrings feature our authentic Murano Glass blown beads in the Ca'd'oro Style, also known as cracked gold because the gold foil during the expansion of the bead becomes sparse (in a random pattern) which looks more like you had sprinkled gold on the bead.

Continuing the theme of the Ca'd'oro, we used a 6mm Murano Glass beads of the same design style.

It's quite easy to make, you need only to crimp the twisted crimp at the ends and cut the wire.

Tools:

Side Cutter, & Chain Nose Pliers and Wire Wrapping Pliers

Components:

Part SKU	Quantity	Item Name
F-BM-BDCP7-BG	4	7mm Gold Plated Bead Cap
F-BM-HP221BE-GP	2	2 Inch Ball End Headpin, 21ga, Gold Plated
F-GF-ORW-BSPK	2	Gold Filled Earwire w/3mm Sparkle Bead, Per Piece
BL-CD-RN-20-G6	2	Mouthblown Murano Glass Round Gold Foil 20mm, Aqua
CD-RN-06-G6	2	Murano Glass Ca'd'Oro 6mm Round Bead, Aqua & Gold

Instructions:

Step 1. Insert a headpin through the beadcap, the blown bead, a beadcap and the 6mm Ca'd'oro bead.

Step 2 Wire wrap, being sure to wrap snugly as the headpin and the two beadcaps need to keep the blown bead centered. Blown beads have large holes and the headpin and beadcaps help you.

Step 3 Open the loop on the ear wire and insert the completed blown bead component.

Step 4. Repeat the Steps above for the second earring.

Hint: You can make any of our blown beads into this easy set of earrings.
