

Red Everyday Earrings

These simple earrings will be a favorite for you and make wonderful gifts for your friends.

You need only to be able to do a wire wrap and we have a tutorial on it to help you. Tanya is our wire wrapping machine and you can see here how perfect her wraps are every time. It takes a little practice.

If you want to make these with Sterling Silver instead of Gold, there is a separate list for those components below as well.

They are inexpensive with just a few components. We used the Gold Fill to save on cost without giving up on sparkle and beauty. Sterling Silver is not terribly expensive in these small elements.

Tools:

Side Cutter, Wire Wrapping Pliers, Flat Nose Pliers

If you already have these at home, use them. We do find that using good tools helps your results and we recommend the Wubber Tools as they are comfortable and strong.

Red Everyday Earrings

Instructions:

Step 1. Begin with the Headpin, and insert the 5mm Petal Pewter Beadcap upside down creating a little basket to rest the cube.

Step 2 Add the Cube, the second Beadcap and the

Step 3. Wire Wrap the Headpin close to the top of your Swarovski Crystal so that there is no extra space. .

Step 4- Using your Side Cutter, trim the headpin very close to the headpin and gently press it against the wrap so it does not catch clothing or hair.

Step 5: With your Straight Nose Pliers, take the Earwire and gently open the ring. Insert your completed wire wrap into the open ring and securely close.

Step 6, Follow the same steps in completing the second earring.

Color Variations: You can substitute our Cube in both Gold and Silver Foil for earrings to match your entire wardrobe.
