

# Lock and Key Earrings, Swarovski

Swarovski Design using Swarovski large Crystal Key and TierraCast Lock and Key.

LEVEL: Beginner

Wire wrapping and using Jump Rings

**Tools:**

Flat Nose Pliers, Wire Wrapping Pliers, Side Cutters

**Other Suggestions:**

Just use the Lock and Key, that makes it less expensive. Also you can use the same components but use Gold Fill and Antique Gold for the findings.

**Note:** Use short lengths of chain you already have, you need only 2 inches. The chain recommended is sold by the foot (12 inches).
