RONDELLE-SC-06-G1	2	Rondelle Crystal 6mm Gold Plate
RONDELLE-SC-08-G1	10	Rondelle Crystal 8mm Gold Plate

Instructions:

Step 1. Cut a length about 12 inches of the wire. Lay the bracelet out on table. Begin with the center cube.

Bicolor Topaz and Gold Cubes and Tubes Bracelet

Step 2. On each side thread the 8mm Rondelle on it. Followed by a 8mm Gold Foil Bead and another Rondelle.

Step 3. Then add the curved tube followed by a Rondelle and another 8mm Gold Foil Bead, the Rondelle and another Cube. After this Cube, add a 8mm Gold Foil Bead.

Step 4. Add the 6mm Rondelle and a 6mm Gold Foil Bead.

Step 4. Repeat this pattern on the other side.

Step 5. To finish the bracelet, on one side thread the crimp tube onto your wire and then through the wire protector. In the center of the horseshoe shape wire protector, insert the Closed Jump Ring. Push the wire back through the crimp tube.

Step 6. Crimp the crimp bead just at the end of the wire protector and slide the wire through the 6mm bead. Cut off the excess just after the small bead.

Step 7. Repeat for the other earring using the jump ring on the trigger clasp.

Notes:

If you need a shorter length, use all 6mm Topaz Gold Foil Beads.

If you need a longer length, use 10mm Topaz Gold Foil Beads instead.
