

Twisted Plum Earrings

Design by Amy Kapphan

The color combination of the blues and the plum (blu inchiostro) give these a vibrant glow. It features 2 sizes of our Foglia (leaves or twists) and just a splash of Swarovski as the dangle.

We used both Gold Foil (in the blue and White Gold Foil, the combination works well together).

SKILL: Wire Wrapping (or Looping)

Tools:

Side Cutter, Wire Looping Pliers

How about Silver?

If you prefer your findings in Silver that's an easy switch. Use any other colors you choose from our large selection of these Twists.

Instructions:

Step 1 With one of the 2 Inch Headpins (if you have wire on hand, use it – for simplicity, we use a 2 Inch Headpin, cutting off the flat end. Thread the 15mm twist. Make a wire loop on one end, and then make a wire loop on the other end. Set aside.

Step 2 With the second of your headpins, thread on the 12mm twist and make a wire loop. On the other end (cut off the head pin flat end. Complete the wire loop, looping it inside the 15mm twist loop.

Step 3. With the 3rd set of headpins, thread on the 3mm Swarovski and wire loop it into the bottom of the 12mm twist.

Step 4. Open the loop on the earwire and insert the top wire loop of your 15mm twist..

Step 5. Repeat the above steps for the second earring.
