

Suitable for a Beginner

This bracelet takes under 15 minutes. It uses stretchy cord and glue. So even a novice can make this.

It makes great wedding jewelry.. As shown fits a 6-7 Inch Wrist. To adjust, the pearls are 8mm so 3 of them would equal 1 inch.

Use any color of our Swarovski 8mm Crystal Pearls you choose.

**NOTE:** .

**Tools:** Scissors

**Supplies:** Glue, Bead Stopper (or Tape)

**Components**

Part SKU	Quantity	Item Name
RONDELLE-SC-08-GA	10	Rondelle Crystal 8mm Gold Plate
SC-SB-RN-08-G1	3	Crystal Ball 8mm Crystals
5810-PRL-8MM-ROS	17	Swarovski 5810 Crystal Pearl 8mm, Rosaline
BA-JE0-5T-0005M	1	Beadalon Elasticity Bead Cord .5mm X Meters Beading Cord
TS-GLU-GSHYPOFAB	1	G-S Hypo Fabric Cement

**Instructions:**

**Step 1.** Cut the stretchy cord about 2 1/2 inches longer than the length of your bracelet (or as long as you need to tie the knot). Use a bead stopper (or tape) so your beads don't slide off.

**Step 2** Begin with 1 of the rondelles and end with another Rondelle. Slide the pearls on, use the picture, following our design, or make your own.

**Step 3** Tie the stretch cord (see the instructions on the 2<sup>nd</sup> page (it will be between two of the rondelles). Apply a dab of glue and let it dry. Cut the cord close to the knot.

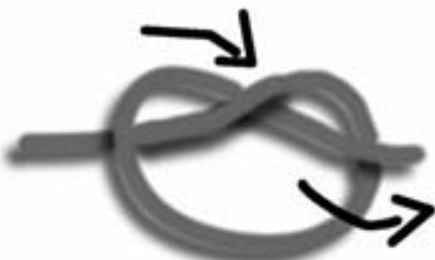

**Step 4.** To hide the knot, apply a dab of glue to the edges of the rondelles and press together.
