

Ca'd'oro Persimmon Twist Earrings

Design by Amy Kapphan exclusively for Venetian Bead Shop,

These earrings highlight the beauty of our Ca'd'oro Gold over Persimmon Orange, matched with Swarovski 5328 Bicones for a little more splash.

SKILL LEVEL: Beginner

Tools:

- 1 Side Cutter
- 1 Wire Wrapping Pliers

The large twisted beads are perfect in this design.

If wire wrapping is not your strong point, you can use simple wire loops, just use a slightly heavier gauge of wire so it won't deform.
