# Harlequin Memory Wire Necklace

*Harlequin*

Design by Amy Kapphan.

**LEVEL:** Beginner

This is an easy project, with only 2 wire wraps, you can make this in 15 minutes or less.

**Tools:**

Wire Wrapping Pliers. Memory Wire Cutters, Side Cutter

The instructions are for an approximately 16 Inch Necklace. If you would like longer, you will need to add more Rubber Tubing.

There are many other colors of this bead.

**Components**

**Step 1.** Cut the memory wire 16 ½ inches which gives you space to wrap it over on the ends.

**Step 2.** Cut the rubber tubing (2) 4 inch sections and (4) 1 inch sections

**Step 3.** Insert the memory wire through one of your longer pieces of rubber tubing, followed by one of the 20mm discs, one of the 1 inch rubber tubing and continue repeating this pattern. End with the remaining 4 inch tubing.

**Step 4.** Take 1 head pin and insert through the 8mm bead, wire wrap a loop on it. (Repeat for the other 8mm bead).

**Step 5.** Slide the loop on the 8mm bead on the memory wire, With the wire wrapping pliers wrap the memory wire twice, being sure to slide the loop into the center of this circle. Repeat with the other end of the memory wire.
