

Aqua Murano Rondels Lariat

Amy Kapphan and VenetianBeadShop

LEVEL: Beginner

Tools:

Wire Cutter or Leather Cutter

Supplies

Glue

This necklace is more about assembly than beading techniques. If you can glue, you can make this. It's young and trendy.

Amy created the design and we have interpreted it so our customers can recreate it for their own enjoyment.

Components

Part SKU	Quantity	Item Name
BA-215K-100	1	Beadalon Beadfix Adhesive, 3g w/Precision Tips
RD-13X8-2M-WG17	5	Pale Aqua White Gold Foil Rondelle 13x8mm 2mm Hole
WS-LTH12MM-NAT	1	Natural Leather Cord, 1.2mm Diameter, Per Foot
WS-LTH2MM-NAT	4	Natural Leather Cord, 2mm Diameter, Per Foot

Instructions:

Step 1. Cut 1 piece of leather 28 inches long, Cut 1 piece 3 ½ inches long, Cut 1 piece 3 inches long and 1 piece .2 inches long

Step 2. Glue the Rondels on one end of your 28 inches and on each of the three shorter pieces.

Step 3. Make a loop on the other end of the long piece of leather and tuck inside a Rondel, glue in place. Be sure that the inside dimension of the loop is at least 15mm (Rondel which is 13mm so you need extra room)

Step 4. Attach the 3 short pieces on the other end of the leather cord, being sure the ends at the leather are the same which will give you a cascading effect. Bind them to the longer leather cord using the 1.2mm Cord Then apply a little glue to hold them in place.
